ENVIRONMENTAL STEWARDSHIP:

"We praise you, Lord, for Sister Water, so useful, humble, precious and pure." During these days of summertime, there is nothing quite like being near the rivers and/or lakes in our north country. They provide food for our tables. They provide life for all that dwells within them. They offer us a sense of connectedness with all of creation including our own bodies. Today be conscious of all the ways that water nourishes and sustains our life from washing our face in the morning to brushing our teeth at bedtime. And like St. Francis, praise God for it!
